University of Copenhagen and all of its six faculties have since 2013 offered Massive Open Online Courses (MOOCs). It is our belief that the new technologies and rapid innovation within online learning will ultimately lead to better education – not just for the University's many thousands of MOOC learners, but also for the students enrolled at the University of Copenhagen.

The learners

- **52%** between 25-34 years old
- **41%** students
- **47%** full-time job
- **Gender**
  - Female 44%
  - Male 54%
  - Other 2%

**Completion rate of learners who paid for certificate**: 67% (Coursera avg. 55%)

**Average rating**: 4.6 (Coursera avg. 4.7)

**Distribution of learners**

1. **North America 32%**
2. **Europe 32%**
3. **Asia 31%**
4. **South America 8%**
5. **Africa 5%**
6. **Oceania 3%**
